

CLEAN YOUR CULVERTS

KEEP YOUR CULVERTS CLEAR

The culvert under your driveway is the property owner's responsibility. Debris collects throughout the year and causes significant problems at the first rain. If not cleaned, problems persist throughout winter storms.

Public Works maintains the drainage along the county-maintained roads. However, we do not maintain your driveway culvert.

Please, check your culverts and remember to keep them clear and operational!

Do not place debris or property clean up materials in the right-of-way or drainage easements.

If you have any additional questions please contact Public Works at 209-754-6401, or email pubworks@co.calaveras.ca.us
